d. Bike Friendly Update

The subcommittee met this week. Kevin Lalonde provided an update on the \$100,000 Ontario Commuter Cycling for 2018. The Town had identified 17 projects in the application and five were shortlisted through the funding. This included bike racks, street painting for cycle lanes. Unsure about future funding. The Town will be highlighting three projects including Ramblewood project, Mosley/Main street line repainting project, for reconsideration to the Province for funding.

There was discussion about the Harold Culham Trail. The first 7 km is now on the trail map. There are additional new signs that have been purchased for installation. There is an upcoming meeting with the Town regarding sections of the trail that have concerns and costing for this. We could then develop a proposal for the Provincial Park. International Trails day will be celebrated on June 2<sup>nd</sup> and we will highlight this trail, which will be on the list of special events.

The Community Cycle Event will be on Saturday June 16<sup>th</sup> and will be piggybacked onto the Waterfront Festival. The recommendation is a 12.5 km route as a loop from the Rec Plex to Beach area 2 and back. This will be a family event, bike rodeo, hydration station, youth center food and other details. Next meeting is April 4<sup>th</sup>. There will be an advertisement in the community guide.

Can Bike Training - Peter has found there is a level three, one day training that can be completed through Can Bike. Hours and cost will be determined.
